## Flooring Types

Solid wood flooring expands and contracts with changes in your home's relative humidity. Engineered wood flooring is less likely to be affected by changes in humidity and can be installed above, on, or below ground level.

# We use only the finest products

At **Clark's Hardwood Floors** we understand how important your home is to you and would like to help make it a home you feel proud of. We are committed to providing you, the customer, with quality and service that stands above the competition. We serve the San Jose area and surrounding cities in Santa Clara and South San Mateo Counties. We take pride in our high quality hardwood flooring work and our competitive prices. Our goal is to provide excellent customer service by assisting clients in designing and choosing the best flooring to meet their needs.

**Clark's Hardwood Floors** is a  
**family owned and operated business**

---

We have been installing and refinishing hardwood floors for residential and commercial customers in the Bay area since 1985. We enter our 34th year with an unequaled selection of native and exotic wood species to choose from.
